

THE KALAMAZOO FLYING SAUCER STUDY CLUB BULLETIN NO. 10  
July - August 1957

ASTRONOMY TO BE FEATURED AT AUGUST 2nd. MEETING

A report on the Detroit Flying Saucer Convention, highlights, of Mrs. Bucks' visit with Truman Bethurum in Prescott, Arizona, information on the Junior Skywatch of the Americas and latest news releases will occupy the first hour of the meeting between 8 & 9 o'clock to be held in the conference room of the First National Bank at the Crosstown Parkway Branch, on Friday August 2, 1957 at 8:00 P.M. The meeting will start promptly to cover all this material. At 9:00 o'clock the meeting will proceed to the home of Mr. Alfred Bryant, 516 Egleston, Kalamazoo. (West off Portage St.) Mr. Bryant and Mr. John Paska, members of the local amateur astronomy club, will (weather permitting) show us some of the sights in the heavens through 12 1/2 and 6 inch telescopes. A Question session will be held. In the event of rain the meeting will continue at the Bank where a telescope will be displayed and questions on the hobby answered.

FIRST ISSUE OF "THE U.F.O. INVESTIGATOR" OUT

With the July issue of "The U.F.O. Investigator", the National Investigation Committee on Aerial Phenomena (NICAP) begins monthly publication of its official publication. Its 32-pages are filled with authentic sightings of UFO by veteran pilots and other competent witnesses. If you would like to join NICAP in associate membership and receive a subscription to the NICAP magazine, you may do so by sending \$7.50 to NICAP, 1536 Conn. Ave., Washington 6, D.C.

Also out on the news stands is the August issue of "FLYING SAUCERS from Other Worlds. Under new policy all articles are true in this issue and an effort will be made to bring out the next issue in six weeks. Lend your support. Order your copy from the newstand. Do not confuse with "Flying Saucers from OTHER WORLDS", alternate science fiction issue.

For that vacation, take along a book to read on saucers. The Athena Book Shop, 471 W. South St. has a large selection on hand.
